Tribute from Heather MacDonald

Relation: friend of the family

My parents were friends with Cal and Ruth when I was a little kid. We would often visit them so the adults could play cards. Danny was a teenager then and although I'm sure he would have rather done something else with his time, he let us hang out with him and listen to music. I learned about Kiss and Led Zeppelin because of him. I looked up to him and I have many memories from that time. He was really sweet to me and I think about him from time to time. I'm so sorry that he has passed away and I send my condolences to his family.
