I just wanted express my sincere condolences to Dave's family. Although I hadn't seen Dave in a while, I remember him as an upbeat, positive guy. He always had a smile and willingness to stop and chat. And I know he was courageous in how he faced this last battle. I know his son Grayson will carry his Dad in his heart forever and will one day tell his children all about his Dad.

Relation: Friend of the family

My condolences to the family. I remember babysitting the kids. They thought I was mean sometimes but their dad was my Art teacher so I had to make sure everything was perfect. I only wish good memories to be remembered because that is how we survive, sad occasions and losses such as this. Again I feel sad this happened and wish to express my condolences to the whole family.

**Tribute from Danny Waugh**

Relation: School Friend

Really sorry to hear the news about Fitz. During our high school years, he was a great friend (and tough soccer opponent - he was always much taller than me so I get a bit of a handicap there). I have fond memories of the entire family from having both his parents as teachers to looking after the family pets during their vacations. In fact, I think a 12 year-old Dave gave me one of my first jobs, covering for him stacking pop bottles at the Happy Hut in Princeton. With a start like that, he must have grown up to be a great guy. Sincere condolences to the family and whatever pets they have.

**Tribute from Dave 'Woodsy' Woods**

Relation: Friend and co-worker

I trained as an Alberta Sheriff with Dave and was bunked with him through the training. We were the two Dave's, I am just learning of his passing and am truly heartbroken. I considered Dave a friend, someone who would be a mutual ear and shoulder to vent to when needed. My heart aches at this news because the world lost a very valuable person.
