**Tribute from Alvin and Claudia Johnston**

Relation: Family friend and colleague

Our condolences and best wishes to the family at this difficult time, and loss of a loved one. We enjoyed our working relationship with Irene at F. G. Miller High School in Elk Point.

To Heather, Ken and Richard, it was my honor and pleasure to teach you in your High School program.

Although many years have passed, we have not forgotten the quality years we were able to spend in Elk Point, and our friendship with the Miller family.

To the best of my knowledge, Irene very proud of her children and their accomplishments. She always spoke positively of you. May you have positive memories of the fine lady we knew so well, your mother.

**Tribute from Roberta Stasyk**

Relation: Relationship - How did you know the deceased?

My sincere condolences to Barb & Brent, Heather & Marvin, Ken & Maureen, Richard, and all her grandchildren and her great-grandchild. I very much enjoyed having your mom and grandmother as my teacher for many years. It probably felt like extra long years to her, as she had to give extra help to this lefty with my knitting and cross-stitching. She taught me and many, many others well - I still think of her when I make a white sauce :) She didn't just teach me to make a white sauce or sew an apron - she taught me that you always do your best, even if it's just a white sauce or an apron. She was a pillar of our community and our church, and Elk Point was a much better place to live because of her numerous contributions over decades. I hope your many memories bring you comfort at this sad time. Hugs, Roberta

Relation: Relationship - How did you know the deceased?

We are so sorry to hear of the loss of your Mother. She was truly an amazing lady. She was my Home Ec teacher in my High School days and I have to give her credit for many things. Just to name a few, sewing, my Mother didn't sew, it was from your mother that I learned to sew. After high school I continued to sew, I am most proud of the graduation and wedding dresses I have sewn. It was also your Mother that taught me to make pastry, pie is my specialty and to this day I pinch and twist the pastry to make a fluted edge like she taught me so many years ago.
