**Tribute from Janelle Richard**

Relation: Friend

Condolences to Randall's family. I first met Randall, giving him private music lessons, a long time ago. Randall was a prize music student, as he was very dedicated and had a natural talent. Later, we would teach together in the same town. He always had time to chat and I enjoyed our visits, discussing world views and politics. We have lost a kind, generous member of our society, but heaven has gained a fine musical talent.

Randall, you left this world too early, but I am thankful that I got to work with you at F.G. Miller. You

were well loved by the students and staff. I remember my son Andrew telling me that he loved your social studies 7 class because you did all sorts of voices and accents. Your love of acting poured into your classes. I was surprised when you asked Andrew and I if we wanted to be part of a play you were directing. Because of you, we found out we loved theatre and Andrew went on to be a lead character in four of the Elk Point Theatre project plays. I'm thankful that I got to play along side you in your last production. You were a great actor, mentor and colleague. Back at school, I will never forget you as the Muffin Man, and the Music Man who serenaded the crowds at the craft fair. You have been taken from this world too soon, but I know you are now in God's hands. Farewell, my friend, until we meet in heaven again. My heart pours out for your family and friends,  
Diana

Relation: Former student

Sending thoughts to Mr Kry's family. A few years ago I visited after having not been in over a decades. Visiting the school, he saw me in the hall, immediately knew who i was, said my name and greeted me warmly. Words cannot express how much that gesture means to me, coming from a place of feeling entirely unseen as a kid growing up in Elk Point. His kindness stays close to my heart. I'm so sorry to read of his passing.
